PRESES INTRODUCTION

Dear Wina people

After a week full of joy and fun, there is another weej full of joy and fun!

The big party last week was the fantastic Scientica TD, this week we're doing something with more style with our yearly Spring Concert. I for one am curious as to which professors will go home with a Golden Crayon, but mosly I'm looking forward to the performances of the talented wina people who will perform for us. But before that I will of course go wall climbing, an activity which we're doing for a third time in a row every year, that I've attended every time. And then we're off to the Tropical bar where the cocktails will flow freely and where the dancing girls in bikini will cover you with flower garlands.

Jels, preses

Did you know the colour orange came way after the fruit orange?

‘MAKE LOVE, DRINK BEER’ CANTUS

Time: Monday, 31 march, 2014 - 20:30

Location: PAVO (Jules Vandembemptlaan 2, Heverlee, map: <http://www.kerkleuven.be/images/pavo.png>)

Commilitones!

Spring has officially begun! The birds begin to sing, the ducks won't stop quacking and the freshman still stink and show very little sign of intelligent life. But not for very much longer commilitones! Soon it's time to degreen these green freshman! And how better to do it with a cantus that's completely in the theme of color, jpy, love and beer! We're going to show that hippies are capable of traditional and serious actions when we do our 'Make Love, Drink Beer'-cantus! Many a flower, bare feet (not recommended, but whatever) and other things that make you think of this old movement will be present in the form of you commilitones! So come dressed up as a hippie and then you're welcome at 20u in the Pavo, for this last cantus where we can laugh and kid with our freshman, before they become one of us, real wina people! The Io Vivat is at 20h30 and sign-ups are via: <http://www.wina.be/MakeLoveDrinkBeer-cantus>

Peace man!

P.S. We won't forget our freshman master, oh no, definitely not, the will suffer, and enjoy, but mostly suffer, come see for yourself!

YEAR ACTIVITY 1ST MASTER MATHEMATICS

Hello first masters in mathematics,

Great news, it's time for our second year activity. This semester, we will go bowling on 3 April. For those who want, we will eat in Alma III together. We meet at the entrance at 6pm. After dinner, we will walk together to Bowlkings in Heverlee. For those who don't join us in Alma III, we meet there at 8pm. And for those who don't want to go sleep early, we reserved the winaliving. So after bowling, we will walk to the living where we can have a few drinks and snacks .

It would be very useful if you let us know if you join us (and if you go eat with us in Alma III or not) so we know if we have to wait for someone or not.

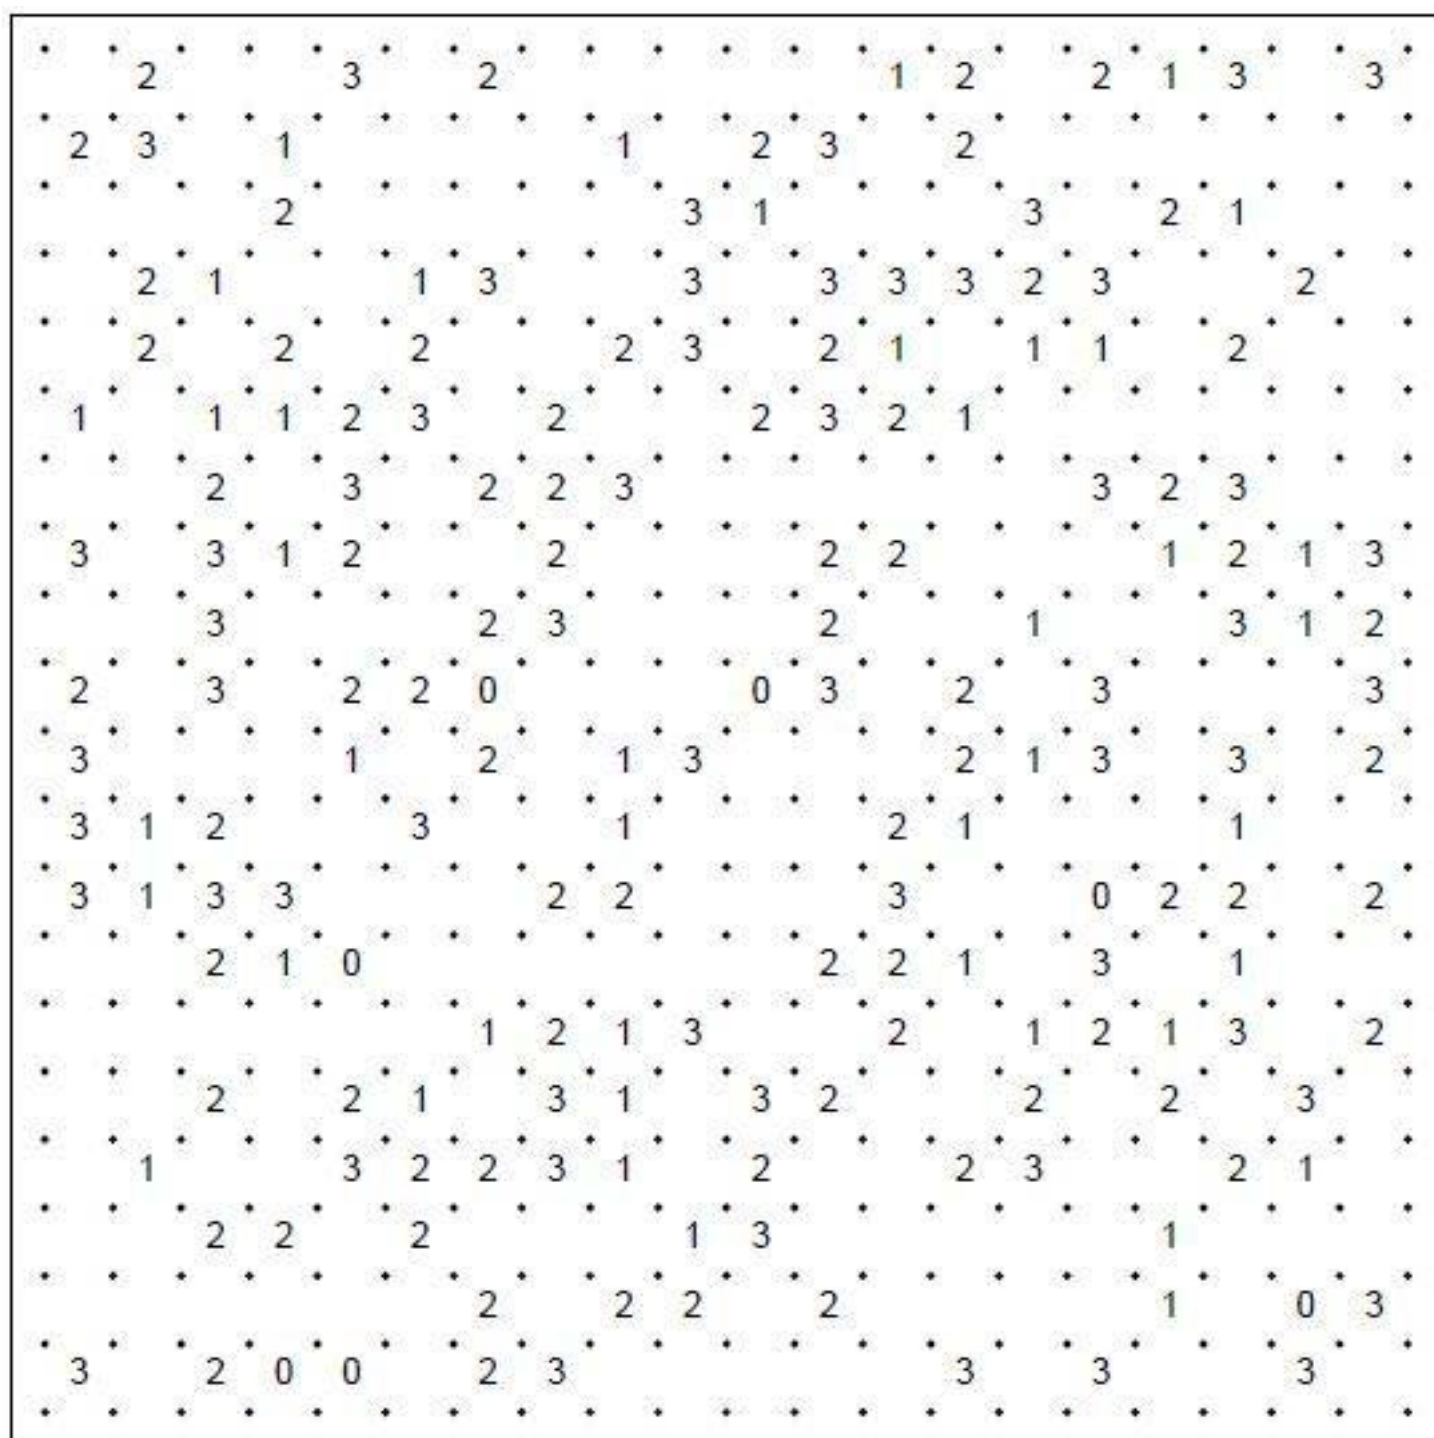

Hopefully, we see you all on the 3rd of April!

Melissa and Liselotte

WINA BEER

Wina exists 50 years ! We wouldn't be students if we didn't do something with beer to celebrate the occasion. To provide our students and old-students with a worthy birthday drink at our activities, Wina decided to have our own beer brewed. After thorough tasting, it was decided to make a three grain tripel at Marc-Andries, and old-collega-student bio-engineering and the owner of Brewery De Vlier in Holsbeek. With barley malt, wheat and oats this delicious and honest dark blonde tripel of 8.5% was created. You too can order a bottle of this delicious beer at bier@wina.be. The price is €3.40 a bottle of 75cl.
